Short description:

The public Caraquiz - Uceda library is located in the cultural center of a neighborhood that is far from the urban center.

Users are children who come to some different activities, and adults who mainly come to the library to borrow books and Dvds.

The library has more than 4000 books (for adults, adolescents and kids), including an English book section. It also has DVD, CDs and Audio files.

There are also activities such as workshops and storytelling for children. On Tuesday a group of people meet to speak about a book. This is a popular activity that has a lot of members.

There is internet connection (Lan and wifi) for everybody who wants to navigate the internet, with the library's computers or with their own laptop.

We receive donations and we collaborate with NGOs that send these books to South American libraries
