This event is inspired by the famous Camino de Santiago and combines hiking in the beautiful Liburnia region and presentation of the authors whose literary works are inspired by the beauty of Liburnia region, Camino de Santiago itself or by other profound things and thoughts that they experienced through hiking and enjoying staying in nature.

The library asked the "Opatija" Mountaineering Society to be a professional leader in the pedestrian part of the Liburnia "Camino" as well as Maja Klarić, Luka Skorić and Davorka Milat (authors, travel agents, hikers) are responsible for the literary part of "Camino".
