Library description

Type of library: Library service with branch libraries

Population served: Between 10.000 and 100.000

Short description of the library : Juozas Keliuotis Rokiškis District Municipal Public Library is an innovative, modern, environmentally friendly, and consumer-oriented institution. The Library fulfils cultural, information and educational functions. It organizes various training courses, seminars, meetings with writers and poets, takes part in different cultural, educational projects and other events. The Library hosts exhibitions and other cultural events which are open for all visitors. At present, services to the residents of the district are provided by the public library, 3 town and 34 village branch libraries. About 48% of the population use library services which makes up to 230 000 visitors to the libraries a year. All the libraries are provided with computers and public access to the Internet.

Current library programs: Digital literacy courses for citizen; educational programs for children and teenagers; robotic workshops, 3D printing and programming; non-formal education services for children and adults; two projects funded by the European Union under the Interreg V-A Latvia – Lithuania Programme 2014-2020.

Activities you want to do with your sister library: Any suggestions welcome.

Languages your staff speak: Lithuanian, Russian, English, Polish

Languages your patrons speak/read: Lithuanian, Russian, English, Polish

Preferred countries for cooperation: All countries which are members of NAPLE SISTER

Features of the library that ideally you would like to cooperate with: We would like to partner with a public library that would have a similar profile to our own.
