If you want to join, just fill in the Form you’ll find in our blog. We’ll announce your incorporation and promote it through our Blog and Twitter.

Send us your activities, they can be an inspiration for others and will help them know what you do.

Contact other libraries and ask them to be your Sister Library. Or be the one that’s contacted!

Once you’ve become a Sister Library don’t forget to share your experience, send us the activities you develop with your partner.
